

Web Hosting

We can register your domain name(s) and set up professional web hosting services for you

Your site needs to be fast and available 24/7.

We offer hosting solutions on either UNIX or Windows servers.

If you're not technically minded, don't worry.... we do it all for you!

Our standard web hosting plan includes a free UK domain name and, at only € 150.- p.a. represents superb value-for-money

Our web hosting package includes the following:

- Hosting control panel
- From 100 MB's of web space
- Email accounts (ability to manage multiple email accounts, set up redirects, apply spam filters, etc)
- Webmail
- Web statistics
- File manager
